

SPORTS GRANT

What is Sports Funding?

Following the success of the 2012 Olympics the Government has paid sports grants directly to school to ensure that the legacy of the games is not forgotten. To ensure that this has an impact on the quality of sports provision in school, the funding must provide quality sports coaching or delivery of training for teachers and teaching assistants. Sports equipment may be purchased if it is facilitating quality learning to take place.

Sports Funding 2016 – 2017

The impact of this provision can be seen in the improvement in the quality of physical education skills achieved by children across the school. They can:

- use running, jumping, throwing and catching in isolation and in combination;
- play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey netball, rounders and tennis], and apply basic principles suitable for attacking and defending;
- develop flexibility, strength, technique, control and balance;
- perform dances using a range of movement patterns;
- take part in outdoor activity challenges both individually and within a team;
- compare their performances with previous ones and demonstrate improvement to achieve their personal best.
